

Studioninedots

Studioninedots is looking for ambitious architects

ARCHITECT CONCEPT TEAM

We are seeking a talented architect who has the confidence to inspire and challenge within the concept team and has strong capabilities across the main aspects of our profession. He or she identifies with the work of Studioninedots; is able to transform complex statements into simple, clear concepts; imagine vision and concept with appeal; tests designs and concepts on construction techniques and feasibility; translates abstract concepts into tangible designs that comprise both vision and detailing.

She/he will take Studioninedots' ambitions to the next level. These ambitions and the tempo within the concept team are high, in line with the dynamics of the assignments.

We require you to have a proactive and flexible attitude, an eye for innovation and lots of energy, availability of 32 - 40 hours per week, fluent Dutch or English.

We offer you a position within the concept team of Studioninedots with a view to a long-term position. We transform complex urban situations, in which our spatial intervention is a driver for social interaction on the scale level of architecture, interior architecture and urban design. We work as a close team in an informal collective in the former Stork factory building in Amsterdam Noord: Creative Workspace 1-1-1, www.111.amsterdam.

Send us: a concise CV; a maximum of three projects with which you demonstrate the requested experience in words and images; a brief description of your design process and a maximum of three images that illustrate your fascinations and dreams.

Please address your application to Vincent van der Klei and email it to vacature@studioninedots.nl under the subject 'Architect Concept Team'.

Who dares?
